

I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere, especially when I am traveling for my business. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. Respectfully I urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand, deserve and pay for. This is clearly a violation of Freedom of Speech.
